

AR Summer Reading

William Penn is opening up AR (Accelerated Reading) this summer.

All students that read will receive Kona ice in September

Grades 1 and 2 – 1500 words

Grades 3 – 5 – 2500 words

(Students entering grades in 2021/2022)

AR testing time will be extended into the evening, that way test taking won't interfere with pool time.

Top readers will be rewarded in September.

We are starting something new next year.

Grade level classes will compete against each other for rewards.

To start the next year off in a positive direction all AR test count towards September's classroom word count.

If you don't have the AR app on your iPad you can access it here
<https://global-zone08.renaissance-go.com/welcomeportal/321592>

To look up book AR test number, book level, word count use ARBookfinder
<https://www.arbookfind.com/usertype.aspx>

If you don't have access to books there are many resources.

The William Penn library tab on Canvas (virtual library)

<https://kidtimestorytime.com/>

<https://storylineonline.net/>

Youtube - just search children's read alouds

Please feel free to contact me via email.

I will check it periodically over the summer
