Course Placement Recommendation Waiver

The demanding rigor of advanced level courses requires faster pacing, a higher level of performance, in-depth understanding of complex concepts, and a significant time commitment outside of class. Prerequisites have been established based on the skills necessary for successful completion of these courses. Although the school district invests much time in the screening process for advanced level courses and carefully considers appropriate placement for students, some parents may choose to override the school's recommendation.

 Course title recommended by the school district

 Course title requested by student/parent

I understand that my child's placement in an advanced level course has not been recommended by school personnel, but I choose to override that recommendation. I also understand that, according to page 10 of the Elizabeth Forward High School Program of Studies, no schedule changes will be made during the summer or school year. If a student chooses to withdraw from the enrolled course, a "Withdrawal Failure" will be recorded on his/her permanent record and will appear on all transcripts.

Student Name: _____ Grade: _____

Student Signature: _____ Date: _____

Parent Signature: _____ Date: _____
