Projects usually, but not always, range for 25-100 points. During the project process, the teacher will evaluate the student daily on work habits and progress. Upon completion of each project, the student must complete a self-evaluation and reflection on the grading form. The student must always submit a pic-collage of the projects progress to Canvas. The student is responsible for turning in work before the end of each target/project. All grades must be in at the end of each nine weeks or they become zero.
