New Business

Replacement suggestion for outgoing member Larry Feick was discussed. HS Custodian Jim Tyrone would be interested in the position.

Accident Review

Committee reviewed a report of HS teacher that stepped on a plastic bottle on her classroom floor causing her to stumble and fall. She was having hip pain and went to ER. Told to ice and take Tylenol. Did not return to work and has made an appointment with an orthopedic as she continues to have pain. Advised that she must use sick days until a modified duty report is submitted.

Building Inspection

Larissa and Larry presented the HS building report. Report on file. The building is in overall decent condition. There are a few reoccurring items: plugs on art room floor, handrailing in stairwell A and storm drain near loading dock is caving in.
